PRINCIPAL'S WELCOME

WELCOME AND THANK YOU FOR YOUR INTEREST IN NORTH LINDSEY COLLEGE. OUR 2023/2024 PROSPECTUS SHOWCASES OUR SECTOR-LEADING FACILITIES, THE SUPPORT AVAILABLE FROM OUR FABULOUS STAFF AND THE WIDE RANGE OF OPPORTUNITIES, SUBJECTS AND LEVELS WE DELIVER.

In March 2022 Ofsted recognised us as a good provider with four outstanding grades, including the provision for our young people, for students with high needs and for the personal development we offer to our students at the College.

Our clear focus is to prepare you for success in your future and we recognise that students will take different routes to reach their personal and professional goals. We offer a wide range of study options, including studying on a full-time course, learning whilst working on a high quality apprenticeship, or heading to higher education after the age of eighteen. Whatever route you take, we want you to enjoy your time with us and become an active member of our College community.

To maximise your chances of success, we believe that good attendance and punctuality are something we are really important to us and will be essential for you. This is not only important for learning on your course to ensure the best possible grades, but is also highly valuable preparation for your future working life.

You will all be aware of the importance of attaining maths and English to a good standard and we will continue to support you to achieve those qualifications if you haven't already done so. These are a really important part of your study programme, and we want to support you in achieving your maths and English, so it is vital that you attend and participate in these sessions too, alongside your main programme of study.

We also recognise that gaining valuable and relevant work experience is another crucial aspect of your wider learning. It can help reinforce your career ambitions and provide you with valuable practical experience to take into future employment. You will be supported to undertake work placement by our team of Work Placement Coordinators within your planned timetable.

Excitingly for our students, we also have an international department and we are able to offer a number of fully funded work experience opportunities to eligible students. The number and nature of opportunities varies, but in the past year we have offered placements in the USA, St Lucia, Spain, Portugal, Sweden and many more exciting destinations, with a wide range of experiences linked to our course offer. We would encourage all eligible students to explore this option with our tutors, once you have enrolled on your course. These are life changing experiences and look great on CVs and applications as you progress your career.

It is important to us that you can access the support that you need whilst you are studying with us. We are able to provide additional support for those students who need it. We would encourage you to discuss any support needs with your tutors, coaches, financial support team and our student support centre, as early as possible in order to help us meet your needs.

There are many opportunities to get involved in College activities and community and to make your voice heard. These include becoming a Student Governor, Student Rep, taking part in trips, clubs and societies, WorldSkills UK events, internal College leagues and much more.

During your time with us we expect you to study hard, attend all your classes on time, complete all your assignments and behave in a respectful manner with all members of our College community. We have a zero tolerance approach to any bullying, harassment and poor behaviour if this occurs.

You can expect us to provide you with great teaching and learning, as well as wider wrap around support to enable you to succeed.

We wish you all the best and look forward to seeing you around the College in the future.

JOHN REES
CEO and Principal on behalf
of the Senior Leadership Team

“LEADERS HAVE SUCCESSFULLY CREATED AND REALISED A VISION... TO PROVIDE HIGH-QUALITY EDUCATION THAT CONSISTENTLY MEETS LOCAL COMMUNITY AND REGIONAL EMPLOYMENT NEEDS, PARTICULARLY IN AREAS WHERE THERE IS HIGH ECONOMIC AND SOCIAL DEPRIVATION.”
- OFSTED

GRADED OUTSTANDING:
LEADERSHIP AND MANAGEMENT

CAMPUS INVESTMENT

WE WANT TO SHARE THE LATEST DESIGNS FOR OUR NEW STATE-OF-THE-ART TEACHING BLOCK ON OUR KINGSWAY CAMPUS.

Building work is due to begin early in 2024 and the new building is expected to be completed in the Summer of 2025. Demolition of the redundant buildings will then commence with all building works complete in Spring 2026. The project has been carefully planned to ensure the college can remain fully operational throughout construction.

The project involves the part-demolition of the existing College buildings, and construction of a new net zero carbon in operation education facility to replace the current ageing teaching buildings. Designed around a central space containing dining, Learning Resource Centre (LRC) and auditorium, accommodation includes general teaching spaces, specialist science laboratories, new training kitchens and dedicated SEN department.

CAREERS EDUCATION, INFORMATION, ADVICE & GUIDANCE (CEIAG)

WE PRIDE OURSELVES ON OFFERING IMPARTIAL AND UNBIASED CEIAG TO HELP YOU WITH YOUR COLLEGE AND COURSE CHOICE.

It's important you receive careers advice before selecting your course option, so you fully understand how the qualifications you apply for will help you in the future.

Getting the right advice, will help you make the right choices for you. Everyone is different, so the advice given to one person will not be useful for anyone else such as their friends, or family members. So individual careers advice is something you should get.

During your careers appointment we will discuss subject entry requirements, careers you can use the qualifications for and how best to prepare for your transition to College.

The CEIAG team can help you:

- ▷ **Find out about courses on offer**
- ▷ **Help you recognise the skills you already have and what additional skills we can help you develop**
- ▷ **Create an action plan to help you take your next steps**

We are using the Gatsby Benchmarks of Good Careers Guidance

<https://www.gatsby.org.uk/education/focus-areas/good-career-guidance>

We have also achieved the Matrix Standard for IAG

<https://matrixstandard.com>

CONTACT THE CEIAG TEAM FOR:

- ▷ **A one-to-one appointment**
- ▷ **A personalised College tour**

01724 294030
careersguidance@northlindsey.ac.uk

Alternatively, use the Live Chat function on our website to talk to our team, please remember to include your phone number. **www.northlindsey.ac.uk**

LUCY

TRISH

“LEARNERS AND APPRENTICES BENEFIT FROM VERY COMPREHENSIVE AND HELPFUL CAREERS ADVICE AND INFORMATION. THEY RECEIVE VERY EFFECTIVE SUPPORT AND GUIDANCE FROM THE BEGINNING OF THEIR PROGRAMME FROM SPECIALIST STAFF WHO ALSO SUPPORT THEM WITH UNIVERSITY AND HIGHER-LEVEL APPRENTICESHIP APPLICATIONS.” – OFSTED

APPLICATION PROCESS

1

APPLY

You can do this online by scanning this QR code, or ask for a paper application form through your school, your college or by dropping in to see us.

<https://northlindsey.ac.uk/school-leavers/>

2

INTERVIEW

Once we have your application you will be invited into College for an informal interview with your tutor.

3

ENROL

This normally takes place on GCSE results day, so expect to come into College towards the end of August 2024 to complete the application process.

In between those three steps, there are plenty of opportunities to come onto campus to meet the tutors, see our facilities and get to know us some more! Check out our Open Events on the back page!

ONE SUBJECT

Each Level 3 subject here at North Lindsey College is equivalent to 3 A Levels, so when you apply to study with us at this level you only need one subject.

Within that subject you will gain the UCAS points needed to progress to university, so unlike other colleges where you perhaps study 3 A Levels to gain the right UCAS points, here you only need 1.

GCSE ENGLISH & MATHS

If you do not have the GCSE grades to progress to a Level 3 qualification you will be able to resit your English and maths here at North Lindsey College, combine that with a Level 2 qualification of your choice to enable you to step up to a Level 3 the following year.

TRAVELLING TO COLLEGE

OUR TRANSPORT SCHEME MEANS THAT STUDENTS CAN TRAVEL FOR ONLY £2.50 PER WEEK. THIS MIGHT BE FREE DEPENDING ON YOUR FINANCIAL CIRCUMSTANCES.

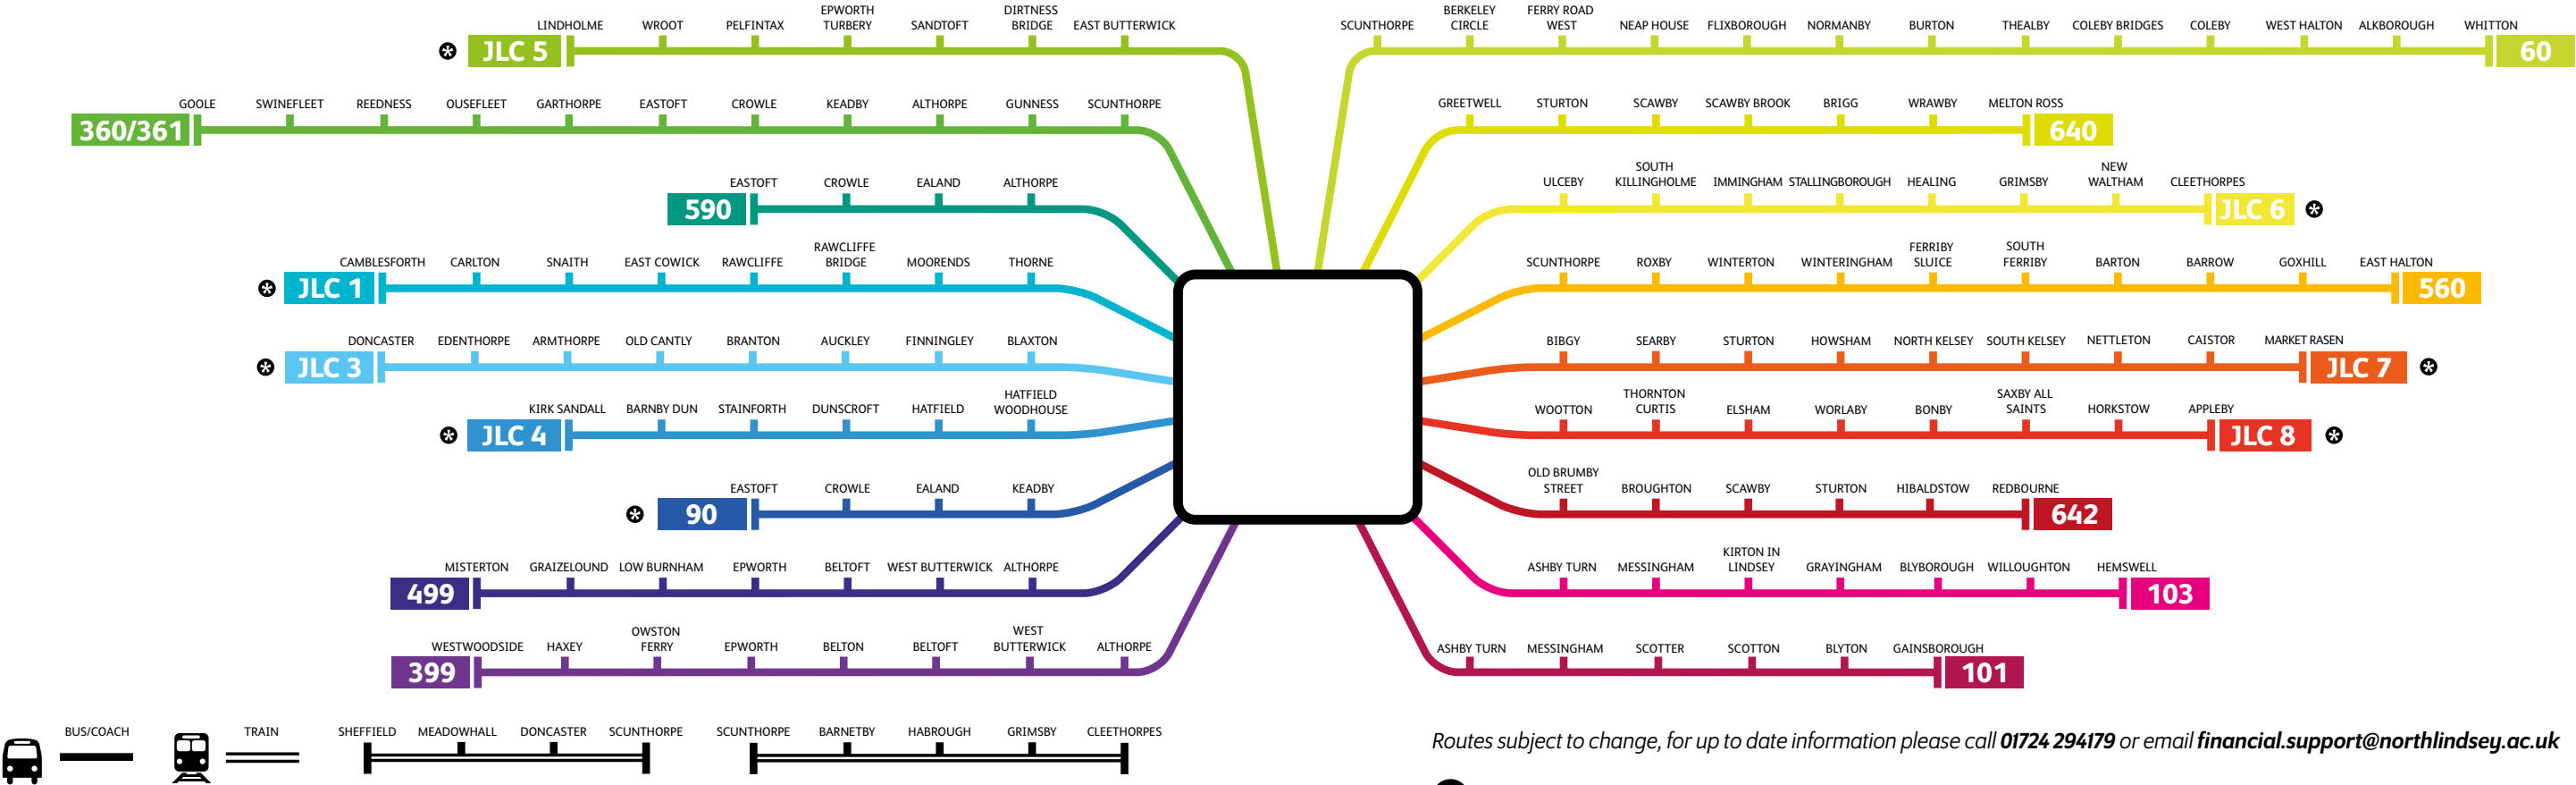

You don't need to worry about how you will get to College. Our students can access routes covering a wide range of areas including Scunthorpe, Gainsborough, Grimsby, Immingham, Goole, Barton, Isle of Axholme, Cleethorpes, Brigg and everywhere in-between.

If you are aged between 16 to 18 and live over 3 miles from us, your bus transport is only £90 for the year. If you're eligible for Financial Assistance, you could even get this refunded making it a free pass!

If you are over 19 and live over 3 miles from us, you do not qualify for a bus pass however we can support you with the travel costs through the College's Financial Assistance Fund. We can support with bus/ train tickets, or petrol costs dependant on your mode of transport.

If you're unsure about the route you need to take, how to apply for your bus pass or have any other concerns about travel please **get in touch!**

01724 294179
financial.support@northlindsey.ac.uk

Routes subject to change, for up to date information please call 01724 294179 or email financial.support@northlindsey.ac.uk

* Places on this bus are available upon request.

INTERNATIONAL OPPORTUNITIES

WE BELIEVE THAT INTERNATIONAL WORK EXPERIENCE IS A FANTASTIC OPPORTUNITY TO DEVELOP BOTH YOUR PERSONAL AND PROFESSIONAL SKILLS, WHILST EXPERIENCING WORK AND LIFE IN A WHOLE NEW CULTURE.

This is why we work with the Turing Scheme to be part of their exchanges, giving you the opportunity of a lifetime to work abroad with one of our many partner colleges and organisations in the following countries:

- ▶ Portugal
- ▶ Spain
- ▶ France
- ▶ Germany
- ▶ Indonesia
- ▶ USA
- ▶ St Lucia
- ▶ Netherlands
- ▶ Finland
- ▶ Fiji

The Turing Scheme

This UK government scheme provides funding for international education and training around the world. Students, including those on an apprenticeship, can study, work and take part in skills competitions abroad.

Our international team will be happy to help guide you through the process and the opportunities available. Ask your tutor when you start, or email international.team@dncolleges.ac.uk

<https://northlindsey.ac.uk/student-life/international>

MY EXPERIENCE IN ST LUCIA WAS ABSOLUTELY BRILLIANT. IT CHANGED MY PERSPECTIVE ON EVERYTHING. I LOVED EVERY SINGLE MOMENT. – KIAN HEELEY

ENRICHMENT OPPORTUNITIES

AS A NORTH LINDSEY COLLEGE STUDENT YOU WILL BENEFIT FROM A WIDE RANGE OF ADDITIONAL LEARNING OPPORTUNITIES THAT WILL HELP TO MAKE YOUR TIME AT COLLEGE ENJOYABLE AND WORTHWHILE.

We believe enrichments develop key social and employability skills, as well as technical skills.

We have a partnership with Scunthorpe United

Community Trust where our football scholars complete their academic education and training.

tass

Talented Athlete Scholarship Scheme. This national award demonstrates our commitment to supporting talented athletes across a range of disciplines progress in their chosen career.

WE BELIEVE ENRICHMENTS DEVELOP KEY SOCIAL AND EMPLOYABILITY SKILLS, AS WELL AS TECHNICAL SKILLS.

THE DUKE OF EDINBURGH'S AWARD

IN 2023 WE ACHIEVED THE HIGHEST NUMBER OF STUDENTS TO COMPLETE A FULL AWARD SINCE WE STARTED TO DELIVER THE DOFE, REACHING A TOTAL OF 200 STUDENTS!

NORTH LINDSEY COLLEGE

Foundation Studies students attended an expedition through funding successfully received from the DofE, they completed their expedition at Peat Rigg in North Yorkshire.

In previous years our Siemens Apprentices have also completed the silver and gold awards.

"DN COLLEGES GROUP OFFER ONE OF THE LARGEST DOFE PROGRAMMES IN A COLLEGE SETTING IN THE UK. DOFE IS ACCESSIBLE TO ALL YOUNG PEOPLE ACROSS THE TWO COLLEGE SITES AND IS SUPPORTED BY A TEAM OF STAFF LED BY THEIR DEDICATED DOFE MANAGER. THE COLLEGE OPERATES A MODEL OF STAFF DOFE CHAMPIONS IN EACH DEPARTMENT TO SUPPORT YOUNG PEOPLE WITH THEIR AWARD. THIS MODEL IS BECOMING INCREASINGLY EFFECTIVE IN ENGAGING YOUNG PEOPLE ACROSS ALL SUBJECT AREAS AND IS ONE THAT IS USED AS AN EXAMPLE OF GOOD PRACTICE TO SUPPORT OTHER COLLEGES WITH THEIR OWN DOFE PROGRAMMES."

– HELEN FOSTER (DOFE DIRECTOR NORTH REGION),

"I ENJOYED DOING THE DOFE, IT WAS A GREAT EXPERIENCE THAT I PROBABLY WON'T GET AGAIN. IT WAS NICE TO MAKE NEW FRIENDS WHO WERE SUPPORTIVE WHEN I WAS STRUGGLING AND WAS READY TO STOP. THE TEAM WAS REALLY GOOD AND PUSHED ME TO KEEP GOING WHEN I WAS READY TO GIVE UP WHILST WALKING. THE CAMPING WAS A LOT BETTER THAN I WAS EXPECTING, I ACTUALLY ENJOYED IT."

– MADDISON CADMAN

FOR ME THE EXPERIENCE HELPED ME BUILD MY DETERMINATION AND MADE ME BELIEVE THAT I CAN DO THINGS I DIDN'T THINK I WOULD BE ABLE TO. – MOLLY ROBINSON

PERSONAL DEVELOPMENT

AS A NORTH LINDSEY COLLEGE STUDENT YOU WILL BENEFIT FROM ACCESS TO SKILLS BUILDING AS PART OF YOUR PROGRAMME OF STUDY AND PLENTY OF SUPPORT TO HELP YOU THROUGHOUT YOUR TIME IN COLLEGE.

STUDENT SUPPORT

The Wellbeing Inclusion Support and Safeguarding Team underpins the delivery of personal development, behaviour and attitudes, guiding and supporting you whilst making interventions. We work collaboratively with you to set goals, monitor attendance and guide them through your learning journey.

We want every student to be physically, emotionally and socially well. We offer a range of activities and support around health and wellbeing. We offer sessions focusing on healthy relationships, budgeting and improving resilience as part of a comprehensive Personal Development Scheme of Learning alongside providing 1-2-1 support through our Wellbeing Coaches.

ADDITIONAL LEARNING SUPPORT (ALS)

If you need extra learning support, specialist equipment, or support workers then our ALS team are here to help you reach your full potential.

CAREERS ADVICE

Our qualified careers team provide our current, past and potential students with professional, impartial advice and guidance on your future career and how to get there.

COUNSELLING

Talking helps. Our team of qualified counsellors are available if you need a chat or just someone to listen, free of charge.

WORK EXPERIENCE

Wide range of work placements available across all sectors, to help you gain industry experience.

FINANCIAL SUPPORT

Not sure about what financial support is available? Our team are on hand to advise about support you may be eligible for.

INTERNATIONAL

Our team provide information and advice to anyone wanting to study with us as an international student.

STUDENT SERVICES

For general enquiries about our courses or being a student here, our student services have got you covered.

STUDENT WELFARE

Our welfare team have a wealth of experience working with students facing difficulties and challenging situations in their personal life or at College. We are committed to Safeguarding all of our students and apprentices.

YOUNG ENTERPRISE CENTRE OF EXCELLENCE

The goal is that you leave College with the knowledge, skills and confidence to be able to make informed and independent financial decisions for your futures. Financial education is embedded within the Personal Development Scheme of Learning.

APPRENTICESHIPS

AS AN OFSTED GRADED 'GOOD' PROVIDER WITH 'OUTSTANDING' ELEMENTS, DN COLLEGES GROUP IS ONE OF THE LARGEST FURTHER EDUCATION COLLEGE PROVIDERS OF APPRENTICESHIPS IN ENGLAND, WORKING WITH OVER 800 EMPLOYERS ACROSS MANY SECTORS. OUR PROVISION HAS GROWN YEAR ON YEAR IN BOTH SIZE AND BREADTH OF OFFER.

APPRENTICESHIPS

CAREER OPPORTUNITIES

Marketing Executive	£20,000 to £50,000
Wind Turbine Technician	£25,000 to £47,000
Carpenter / Joiner	£17,000 to £38,000
Senior Care Worker	£17,000 to £27,000

We work with some of the largest employers in the country who choose DN Colleges Group as a preferred provider of high quality apprenticeships.

What is an apprenticeship?
An apprenticeship offers you the chance to study and work at the same time. This allows you to earn a wage whilst gaining qualifications and valuable industry experience.

Unlike most traditional full-time courses, apprenticeships with DN Colleges Group offer 'roll on - roll off' programmes, which means there are opportunities to enrol at various points throughout the year, not just at the beginning of an academic year. This means we have vacancies available throughout the year for new apprentices to start.

LMI Data from the National Careers Service

APPRENTICESHIPS

WHEN CAN I APPLY FOR AN APPRENTICESHIP?

You can apply for an apprenticeship at any stage including:

- ▶ When you leave school
- ▶ During an existing course if you choose to swap programmes
- ▶ After leaving college
- ▶ As an adult learner later in your career

An apprenticeship is a job with training, so the key to initial success is being able to research opportunities and ensure you prepare well for apprenticeship interviews with employers.

HOW DO I FIND OUT ABOUT APPRENTICESHIP OPPORTUNITIES?

Our team at DN Colleges Group can help you identify the type of apprenticeship you would be interested in. We have close links with local employers that may require apprentices. We advertise vacancies on our website, as well as on the National Apprenticeship Service website. We also keep in touch with individuals we know are interested in apprenticeships to make sure they know about upcoming vacancies.

WHAT ARE THE BENEFITS OF AN APPRENTICESHIP?

- ▶ Gain a nationally recognised qualification that can lead to higher education and further study as well improving your career prospects.
- ▶ Earn whilst you learn - apprentices are paid at least the national minimum wage, with many employers paying more.
- ▶ No student loan - you can do a higher apprenticeship including higher qualifications, such as a degree, but without needing a student loan.
- ▶ Apprentices are fully equipped for the world of work, developing other work skills such as communication, teamwork and accountability.
- ▶ Getting into employment earlier means there's potential for you to progress in your career quickly and increase your earning potential.
- ▶ Whilst on your apprenticeship, you will be an employee of a company and entitled to the same benefits as other staff, including holidays.

MORE INFORMATION

If you would like more information regarding apprenticeships, please contact the Apprenticeship Hotline on **0800 3587979** or by emailing employertraining@dncolleges.ac.uk

ADVANCED DIPLOMA IN PROFESSIONAL COOKERY

Course Duration: **1-2 Years**
Assessment: **50% Theory 50% Practical Assessments**
Entry Requirements: **A Level 2 in Professional Cookery**
The two years of study equates to three A Levels

- Units you may study include:**
- ▶ Supervisory food safety
 - ▶ Supervisory skills in hospitality
 - ▶ Exploring gastronomy
 - ▶ Advanced skills in vegetables and vegetarian dishes
 - ▶ Advanced skills and techniques in producing meat dishes
 - ▶ Advanced skills and techniques in producing poultry and game dishes
 - ▶ Advanced skills and techniques in producing dough and batter products
 - ▶ Petit fours products
 - ▶ Produce paste products
 - ▶ Produce hot, cold, and frozen desserts
 - ▶ Produce biscuits, cakes and sponges

- Progression routes include:**
- ▶ University
 - ▶ Employment
 - ▶ Apprenticeship

CAREER OPPORTUNITIES

- ▶ Catering Manager
- ▶ Chef de Partie
- ▶ Food Manufacturing Development
- ▶ Food Service
- ▶ Food Retail Section Supervisor
- ▶ Greengrocer
- ▶ Kitchen Porter
- ▶ Restaurant Manager
- ▶ Wedding and Events Planner
- ▶ Baker/Cake Decorator
- ▶ College Lecturer
- ▶ Chef
- ▶ Public House Manager
- ▶ Head Chef Hotel Manager
- ▶ Private Chef
- ▶ Food Stylist
- ▶ and much more...

STUDENT PROFILE

ZOE PRIEST

Zoe also completed a six-week summer placement at Loch Lomond Golf Club in Scotland. Zoe made such an impression on the Club and worked hard during her time spent there, it resulted in her securing an apprenticeship at the prestigious golf club.

"In the future I'd love to be able to work my way up the employment ladder and to experience the different responsibilities that each role has and to understand them better."

IN THE FUTURE I'D LOVE TO BE ABLE TO WORK MY WAY UP THE EMPLOYMENT LADDER AND TO EXPERIENCE THE DIFFERENT RESPONSIBILITIES THAT EACH ROLE HAS AND TO UNDERSTAND THEM BETTER.

CONSTRUCTION

THERE IS A SKILLS SHORTAGE IN THE CONSTRUCTION INDUSTRY, EMPLOYERS ARE STRUGGLING TO FILL VACANCIES, WITH SO MANY OPPORTUNITIES OUT THERE IT HAS NEVER BEEN A BETTER TIME TO LEARN A TRADE.

CONSTRUCTION

CAREER OPPORTUNITIES

Quantity Surveyor

£25,000 to £80,000

Civil Engineer

£30,000 to £70,000

Carpenter / Joiner

£17,000 – £38,000

Plumber

£15,000 – £40,000

LMI Data from the National Careers Service

It is predicted that over 120,000 construction apprentices will be needed nationally in the coming years to fill the skills gap. At North Lindsey College we offer training in brickwork, plastering, plumbing, carpentry, joinery and construction in the built environment. For those wanting to progress into site management and surveying we offer a T Level in construction and the built environment.

The department is equipped with spacious and modern workshops across all the trade areas; this helps to emulate real-life working environments. We use industry-standard materials which enhance the learning experience when studying a chosen trade.

The department has excellent links with local, regional and national construction companies who offer work experience placements for our students. All our students are also given the opportunity to look at the apprenticeship vacancies in their chosen trade area.

CONSTRUCTION

LEVEL 1

AWARD IN BRICKWORK

Course Duration: 1 Year

Assessment: 40% Theory 60% Practical

Entry Requirements: GCSE Maths & English grades U-1

Units you may study include:

- ▶ Introduction to health and safety in construction
- ▶ Constructing block walling
- ▶ Constructing half brick return corners
- ▶ Constructing cavity walls in brickwork and block work
- ▶ Constructing one brick walling
- ▶ Mixing and using concrete

Progression routes include:

- ▶ Progression on to the Level 1 Certificate in Brickwork
- ▶ Apprenticeship
- ▶ Employment

LEVEL 1

CERTIFICATE IN BRICKWORK

Course Duration: 1 Year

Assessment: 50% Theory 50% Practical

Entry Requirements: GCSE Maths & English grades 2-3

Units you may study include:

- ▶ Introduction to health and safety in construction
- ▶ Introduction to the construction industry
- ▶ Constructing cavity walls in brickwork and block work
- ▶ Constructing one brick walling
- ▶ Constructing block walling
- ▶ Constructing half brick return corners

Progression routes include:

- ▶ Progression on to the Level 1 Diploma in Brickwork
- ▶ Apprenticeship
- ▶ Employment

LEVEL 1

DIPLOMA IN BRICKWORK

Course Duration: 1 Year

Assessment: 50% Theory 50% Practical

Entry Requirements: GCSE Maths & English grades 3-4

Units you may study include:

- ▶ Principles of building construction, information and communication
- ▶ Contribute to setting out and building of masonry structures up to damp proof course
- ▶ Carrying out block laying activities
- ▶ Carrying out bricklaying activities
- ▶ Carrying out cavity walling activities
- ▶ Health, safety and welfare in construction

Progression routes include:

- ▶ Progression on to the Level 2 Diploma in Brickwork
- ▶ Apprenticeship
- ▶ Employment

LEVEL 2

DIPLOMA IN BRICKWORK

Course Duration: 1 Year

Entry Requirements: Progression from level 1 only, no direct entry

Units you may study include:

- ▶ Health, safety and welfare in construction
- ▶ Principles of building construction, information and communication
- ▶ Building solid walling, isolated and attached piers
- ▶ Interpreting working drawings to set out masonry structures
- ▶ Construct cavity walling forming masonry structures

Progression routes include:

- ▶ Progression on to the Level 3 Diploma in Brickwork
- ▶ Apprenticeship
- ▶ Employment

CAREER OPPORTUNITIES

- ▶ Architect
- ▶ Building Control Officer
- ▶ Building Services Engineer
- ▶ Building Site Inspector
- ▶ Construction Manager
- ▶ Construction Contracts Manager

- ▶ Heating And Ventilation Engineer
- ▶ Kitchen & Bathroom Fitter
- ▶ Land Surveyor
- ▶ Quantity Surveyor
- ▶ Tiler
- ▶ Town Planner

- ▶ Bricklayer Plasterer
- ▶ Civil Engineer
- ▶ Plumber
- ▶ Carpenter/Joiner
- ▶ Facilities Caretaker
- ▶ Shopfitter
- ▶ Painter & Decorator

- ▶ Structural Engineer
- ▶ and much more...

STUDENT PROFILE

CHRIS DIBDIN

CMD Developments won the award for Small Employer of the Year at our annual apprenticeship awards.

The Director of the organisation, Chris Dibdin was initially an apprentice at North Lindsey College so he knows how important the role of an apprentice is.

Chris has gone on to not only have a successful joinery business but he also has invested in young people by taking on apprentices, who have also won awards with the College.

"Taking on apprentices is extremely important to me, I run my business in a unique way that benefits and educates my students in all aspects of construction. My mantra is, the more you learn the more you earn."

TAKING ON APPRENTICES IS EXTREMELY IMPORTANT TO ME, I RUN MY BUSINESS IN A UNIQUE WAY THAT BENEFITS AND EDUCATES MY STUDENTS IN ALL ASPECTS OF CONSTRUCTION.

CONSTRUCTION...

LEVEL 1

AWARD IN PLASTERING

Course Duration: 1 Year

Assessment: 40% Theory 60% Practical

Entry Requirements: GCSE Maths and English grades U-1

Units you may study include:

- Introduction to health and safety in Construction
- Painting techniques
- Preparing background surfaces and applying render coats

Progression routes include:

- Progression on to the Level 1 Certificate in Plastering
- Apprenticeship
- Employment

LEVEL 1

CERTIFICATE IN PLASTERING

Course Duration: 1 Year

Assessment: 50% Theory 50% Practical

Entry Requirements: GCSE Maths and English grades 2-3

Units you may study include:

- Introduction to health and safety in construction
- Introduction to the Construction Industry
- Preparing background surfaces and applying finishing coats
- Mixing materials and applying floating
- Preparing background surfaces and applying render coats

Progression routes include:

- Progression on to the Level 1 Diploma in Plastering
- Apprenticeship
- Employment

LEVEL 1

DIPLOMA IN PLASTERING

Assessment: 50% Theory 50% Practical

Entry Requirements: GCSE Maths and English grades 3-4

Units you may study include:

- Principles of building construction information & communication
- Prepare background surfaces & mix plaster materials
- Applying scratch coats to internal backgrounds
- Fixing sheet materials
- Applying floating coats to walls
- Applying setting coats to walls
- Health Safety and Welfare in Construction

Progression routes include:

- Progression on to the Level 2 Diploma in Plastering
- Apprenticeship
- Employment

LEVEL 2

DIPLOMA IN PLASTERING

Course Duration: 1 Year

Entry Requirements: Progression from level 1 only, no direct entry

Units you may study include:

- Health, Safety & welfare in construction
- Principles of building construction information & communication
- Applying Plaster materials to interiors
- Fix dry lining & plasterboards to interiors
- Laying sand cement screeds
- Applying plaster materials to external backgrounds

Progression routes include:

- Progression on to the Level 3 Diploma in Plastering
- Apprenticeship
- Employment

LEVEL 1

AWARD IN JOINERY

Course Duration: 1 Year

Assessment: 40% Theory 60% Practical

Entry Requirements: GCSE Maths and English grades U-1

Units you may study include:

- Health and safety in construction
- Constructing halving joints
- Constructing housing joints
- Constructing through mortice and tenon joints
- Constructing angled halving joints
- Constructing bridle joints
- Constructing haunched mortice and tenon joints
- Constructing stub mortice and tenon joints
- Fixing architraves and skirtings
- Constructing and fixing hatch linings
- Fitting locks and latches

Progression routes include:

- Progression on to the Level 1 Certificate in Joinery
- Apprenticeship
- Employment

LEVEL 1

CERTIFICATE IN JOINERY

Course Duration: 1 Year

Assessment: 50% Theory 50% Practical

Entry Requirements: GCSE Maths and English grades 2-3

Units you may study include:

- Introduction to health and safety in construction
- Constructing halving joints
- Constructing housing joints
- Constructing through mortice and tenon joints
- Constructing angled halving joints
- Constructing bridle joints
- Constructing haunched mortice and tenon joints
- Constructing stub mortice and tenon joints
- Fixing architraves and skirtings
- Constructing and fixing hatch linings
- Fitting locks and latches

Progression routes include:

- Progression on to the Level 1 Diploma in Joinery
- Apprenticeship
- Employment

LEVEL 1

DIPLOMA IN JOINERY

Course Duration: 1 Year

Assessment: 50% Theory 50% Practical

Entry Requirements: GCSE Maths and English grades 3-4

Units you may study include:

- Principles of building construction, information and communication
- Maintain and use carpentry and joinery hand tools
- Prepare and use carpentry and joinery portable power tools
- Produce woodworking joints
- Health, safety and welfare in construction

Progression routes include:

- Progression on to the Level 2 Diploma in Joinery
- Apprenticeship
- Employment

LEVEL 2

DIPLOMA IN JOINERY

Course Duration: 1 Year

Entry Requirements: Progression from level 1 only, no direct entry

Units you may study include:

- Health, safety and welfare in construction
- Principles of building construction, information and communication
- Carry out first fix flooring and roofing
- Carry out first fix frames, partitions and stairs
- Carry out second fixing operations
- Carry out carpentry maintenance
- Set up and operate a circular saw

Progression routes include:

- Progression on to the Level 3 Advanced Technical Diploma in Site Carpentry
- Apprenticeship
- Employment

CONSTRUCTION...

LEVEL 1

AWARD IN PLUMBING

Course Duration: **1 Year**

Assessment: **60% Theory 40% Practical**

Entry Requirements: **GCSE Maths and English grades U-1**

Units you may study include:

- Health and safety in construction
- Removing and refitting water-filled radiators
- Working with nonmanipulative fittings
- Connecting flex to common apparatus

Progression routes include:

- Progression on to the Level 1 Certificate in Plumbing
- Apprenticeship
- Employment

LEVEL 1

CERTIFICATE IN PLUMBING

Course Duration: **1 Year**

Assessment: **60% Theory 40% Practical**

Entry Requirements: **GCSE Maths and English grades 2-3**

Units you may study include:

- Health and safety in construction
- Working with nonmanipulative fittings
- Connecting flex to common apparatus

Progression routes include:

- Progression on to the Level 1 BPEC Diploma in Plumbing
- Apprenticeship
- Employment

LEVEL 1

BPEC DIPLOMA IN PLUMBING

Course Duration: **1 Year**

Assessment: **50% Theory 50% Practical**

Units you may study include:

- Structure of the construction industry
- Fundamental safe working practices
- Environmental and sustainability measures in domestic dwellings
- Site preparation for working in the construction industry
- Above ground drainage
- Copper pipework
- Plastic pressure pipework
- Low carbon steel pipework
- Installation, repair and maintenance of plumbing systems
- Plumbing science

Progression routes include:

- Progression on to the Level 2 Diploma in BPEC Plumbing
- Apprenticeship
- Employment

LEVEL 2

BPEC DIPLOMA IN PLUMBING

Course Duration: **2 Years**

Entry Requirements: **Progression from level 1 only, no direct entry**

Units you may study include:

- Health and safety in building services engineering
- Electrical principles and processes for building services engineering
- Scientific principles for domestic, industrial and commercial plumbing
- Common plumbing processes
- Cold water systems
- Domestic hot water systems
- Sanitation
- Central heating systems
- Drainage systems
- Understand how to communicate with others within building services engineering

Progression routes include:

- Apprenticeship
- Employment

T-LEVELS

THE NEXT LEVEL QUALIFICATION

T LEVEL

SURVEYING & DESIGN FOR CONSTRUCTION AND THE BUILT ENVIRONMENT

Course Duration: **2 Years**

Assessment: **Three assessments which include - science and building technology, construction industry and sustainability and an employer set project**

Entry Requirements: **GCSE Maths and English grades 4/5 as a minimum**

Units you may study include:

- Health and safety
- Science
- Measurement
- Building technology
- Information and data
- Digital technology
- Construction mathematical techniques
- Design
- Construction and the built environment industry
- Sustainability
- Relationship management
- Commercial business
- Project management
- Law

Progression routes include:

- University
- Apprenticeship
- Employment

CREATIVE DIGITAL TECHNOLOGIES

CREATIVE DIGITAL TECHNOLOGIES

THE CREATIVE DIGITAL TECHNOLOGY SECTOR IS RECOGNISED AS A GROWTH INDUSTRY IN OUR REGION, ACROSS THE UK AND AROUND THE WORLD.

CAREER OPPORTUNITIES

Computer Games Developer

£25,000 to £70,000

Software Developer

£20,000 to £70,000

Social Media Manager

£25,000 to £60,000

Web Designer

£18,000 to £40,000

LMI Data from the National Careers Service

The past few years have seen a boom in the use of technology, in places where it perhaps was not utilised as frequently as it is now.

Our region has a thriving digital economy with gaming, virtual reality, information technology and digital marketing consistently highlighted as sectors likely to grow, so developing strong creative and digital technology skills is particularly important.

Our programmes of study are delivered by sector-experienced professionals, whose first-hand industry knowledge helps to keep

our students' training up-to-date and relevant for today's career opportunities.

Our students have progressed into a diverse range of industries within the sector including: Rockstar Games, Cartoon Network and also set-up their own companies including Double Barrel Animation. Students also progress onto Higher Education, to study in more detail their chosen discipline, with many successfully gaining places at competitive courses at places such as Ravensbourne in London. Apprenticeships are also an option with more regional opportunities.

CREATIVE DIGITAL TECHNOLOGIES

LEVEL 1

EXTENDED CERTIFICATE IN DIGITAL AND IT SKILLS

Course Duration: **1 Year**
Assessment: **100% workbook based**
Entry Requirements: **At least 3 GCSE grades 3-1**

- Units you may study include:**
- Virtual collaboration
 - Word processing
 - Website design
 - Photo editing
 - Digital presentations
 - Employability skills
- Progression routes include:**
- Apprenticeship
 - Employment
 - Progress on to a level 2 course

LEVEL 2

EXTENDED CERTIFICATE IN DIGITAL AND IT SKILLS - CREATIVE MEDIA

Course Duration: **1 Year**
Assessment: **100% Coursework**
Entry Requirements: **3 GCSEs at grade 3 or above including maths and English**

- Units you may study include:**
- Digital graphics
 - Web design
 - Games design
 - Digital project
 - Desktop publishing
 - Interactive media
 - Careers progression
 - Employability skills
- Progression routes include:**
- Apprenticeship
 - Employment
 - Progress on to Level 3 Extended Diploma in Creative Media Production & Technology

LEVEL 2

EXTENDED CERTIFICATE IN DIGITAL AND IT SKILLS - COMPUTING & GAMES DESIGN

Course Duration: **1 Year**
Assessment: **100% Coursework**
Entry Requirements: **3 GCSEs grade 3 including either English or maths**

- Units you may study include:**
- Cyber security
 - Networking
 - Programming
 - Games development
 - Careers progression
 - Database software
 - Digital project
 - Employability skills
- Progression routes include:**
- Apprenticeship
 - Employment
 - Progress on to Level 3 Certificate in Software Development

LEVEL 3

CERTIFICATE IN SOFTWARE DEVELOPMENT

Course Duration: **1 Year**
Assessment: **100% Coursework**
Entry Requirements: **5 GCSEs at grade 9-4 including English or a Level 2 qualification in IT or Computing**

- Units you may study include:**
- Project management
 - Javascript
 - Object oriented programming
 - Programming implementation
 - Software testing
- Progression routes include:**
- University
 - Employment
 - Apprenticeship
 - Progression to University Campus North Lincolnshire (UCNL)

CAREER OPPORTUNITIES

- Computer Games Tester
 - Cyber Intelligence Officer
 - Drone Pilot
 - IT Project Manager
 - IT Support Technician
- Solutions Architect
 - Web Designer
 - Photographer
 - Teacher (Primary Or Secondary)
- Video Editor
 - Digital Marketer
 - E-Commerce
 - Security Software Developer
 - IT Service Engineer
- Network Engineer
 - Vlogger
 - Graphic Designer
 - TV/Film Camera Operator
 - and much more...

STUDENT PROFILE

CALLUM BEACOCK

Callum, a former Melior Community Academy student, has secured an apprenticeship at photography company Calvin Taylor Lee.

Callum studied a Level 3 Diploma in Creative Media Production and Technology.

Throughout his course, he developed practical skills in photography, film, video

editing and illustration in the College's studios and Mac suites.

"My work experience led to me being offered an apprentice position after my course. I would definitely recommend North Lindsey as the course is more practical helping you develop the skills needed for industry. In the future, I want to work as a freelancer working on large events or in commercial photography."

I WOULD DEFINITELY RECOMMEND NORTH LINDSEY AS THE COURSE IS MORE PRACTICAL HELPING YOU DEVELOP THE SKILLS NEEDED FOR INDUSTRY.

CREATIVE DIGITAL TECHNOLOGIES...

LEVEL 3

EXTENDED DIPLOMA IN CREATIVE MEDIA PRODUCTION & TECHNOLOGY

Course Duration: **2 Years**

Assessment: **60% Coursework**
40% Extended Major Project

Entry Requirements: **5 GCSEs grade 9-4 including English, maths or a Level 2 qualification in Art, Media or IT**

Units you may study include:

- Graphic design
- Photography and digital imaging techniques
- Film, video and audio editing
- Digital illustration
- 3D modelling
- Video production
- Extended final major project

Progression routes include:

- University
- Employment
- Apprenticeship
- Progression to University Campus North Lincolnshire (UCNL)

T-LEVELS

THE NEXT LEVEL QUALIFICATION

T LEVEL

DIGITAL PRODUCTION, DESIGN AND DEVELOPMENT

Course Duration: **2 Years**

Assessment: **50% Assessed Through A Project Set By Employers**

Assessment: **50% Assessed Through Externally Assessed Project**

Entry Requirements: **At least 5 GCSEs at grade 4 or above with maths and English at grade 5. Ideally IT or Computer Science at grade 4 or above.**

The core component will be assessed through a project set by employers in the industry and two externally set tests (50% of the qualification). The occupational specialism is assessed through an externally assessed project. Students will respond to a scenario to design and develop a software-based solution (50% of the qualification).

Course Introduction

This T Level is for you if you want to start a career in software and digital design, for example a programmer, web developer, systems analyst, software developer or digital marketer.

T Levels combine classroom theory, practical learning and a minimum 45 day industry placement. During the programme, you will learn the core knowledge that underpins most jobs in the digital industry, you will also develop occupationally specific skills that will allow you to enter skilled employment within digital production, design and development. The content is split into a core component that is common to all Digital T Levels & occupational specialism content that is specific to working within software development.

The core component will introduce you to digital related topics including IT security, programming, problem solving, project planning, networking, data, impact of IT and digital environments.

The occupational specialism content will allow you to develop skills in analysing problems, designing solutions, software development, testing solutions, maintaining software and evaluating.

Progression routes include:

- University
- Employment
- Apprenticeship
- Progression to University Campus North Lincolnshire (UCNL)

EDUCATION AND EARLY YEARS

IN 2022, THERE WAS AN ESTIMATED 68,000 REGISTERED CHILDCARE PROVIDERS FOR CHILDREN 0-4 YEAR OLDS, PROVIDING OVER 1.5 MILLION OFSTED REGISTERED CHILDCARE PLACES.

EDUCATION AND EARLY YEARS

CAREER OPPORTUNITIES

Early Years Teacher

£25,714 to £36,961

Education Welfare Officer

£19,000 to £30,000

Nursery Worker

£14,000 to £24,000

Teaching Assistant

£14,000 to £21,000

From nurseries to schools there are a wide range of career options for our students after completing their course.

Our programmes help students get one step ahead, providing them with real-life sector work experience, supported by industry experienced practitioners.

We also have our own onsite nursery for ages 5 months – 5 years. Many of our students decide to undertake a placement at our nursery to develop their employability skills and experience working with young children.

EDUCATION AND EARLY YEARS

LEVEL 1

CERTIFICATE CARING FOR CHILDREN

Course Duration: 1 Year
Assessment: 100% coursework
Entry Requirements: No formal entry requirements although learners should have an interest in pursuing a career in the early years and education sector

- Units you may study include:
- ▶ Growth and development of young children
 - ▶ Finding out about forest schools
 - ▶ Understanding learning and development of young children
 - ▶ Musical activities for young children
- Progression routes include:
- ▶ Progress on to Level 2 Certificate Introducing Caring for Children and Young People
 - ▶ Employment
 - ▶ Apprenticeship

LEVEL 2

CERTIFICATE INTRODUCING CARING FOR CHILDREN AND YOUNG PEOPLE

Course Duration: 1 Year
Assessment: 100% coursework
Entry Requirements: Grade 2-3 in GCSE English and maths

- Units you may study include:
- ▶ Safeguarding the welfare of children and young people
 - ▶ The value of play to children and young people
 - ▶ Accident prevention and fire safety
 - ▶ Caring for young children in a babysitting environment
 - ▶ Craft activities with young children
 - ▶ Using food and nutrition information to plan a healthy diet
- Progression routes include:
- ▶ Progress on to T Level Transition Programme – Education and Childcare
 - ▶ Employment
 - ▶ Apprenticeship

T LEVEL

TRANSITION PROGRAMME EDUCATION AND CHILDCARE

Course Duration: 1 Year
Assessment: 100% coursework including development of presentation skills
Placement: 250 hours work placement in a relevant setting
Entry Requirements: Grade 4 or above in GCSE English and maths

- Units you may study include:
- ▶ Children's health and wellbeing
 - ▶ Child development from conception to 7 years
 - ▶ Legislation, policies and procedures
 - ▶ Child health and nutrition
 - ▶ Special educational needs and disability (SEND)
 - ▶ Play
- Progression routes include:
- ▶ Progress on to T Level – Education and Childcare
 - ▶ Employment
 - ▶ Apprenticeship

T-LEVELS

THE NEXT LEVEL QUALIFICATION

T LEVEL

EDUCATION AND CHILDCARE (EARLY YEARS EDUCATOR OR ASSISTING TEACHING PATHWAYS)

Course Duration: 2 Years
Assessment: 2 written examinations, employer set project, work placement assessment
Placement: 750 hours work placement in a relevant setting (across 2 years)
Entry requirements: Grade 4 or above in GCSE English and maths

- Units you may study include:
- ▶ Safeguarding, health and safety and wellbeing
 - ▶ Parents, families and carers
 - ▶ Reflective practice
 - ▶ Equality diversity
 - ▶ Child development
 - ▶ Special educational needs and disability (SEND)
 - ▶ English as an additional language
 - ▶ Supporting education
 - ▶ Working with others

- Progression routes include:
- ▶ University
 - ▶ Employment
 - ▶ Higher level apprenticeship
 - ▶ Progression to University Campus North Lincolnshire (UCNL)

CAREER OPPORTUNITIES

- ▶ Primary School Teacher
- ▶ Residential Support Worker
- ▶ Nursery Worker
- ▶ Children's Nurse
- ▶ Childminder
- ▶ Nurse Play Worker
- ▶ Children's Care Worker
- ▶ Specialist Healthcare Assistant
- ▶ Children's Resort Representative
- ▶ Nanny
- ▶ Child Protection Officer
- ▶ Family Support Worker
- ▶ Nursery Manager
- ▶ Teaching Assistant
- ▶ and much more...

STUDENT PROFILE

MEGAN FOX

CMD Megan studied a Level 3 Technical Diploma in Childcare and Education and achieved an A grade, equivalent to three A grades at A Level.

After completing her course, she went on to study a BA (Hons) in Primary Education at Nottingham Trent University.

"The level 3 in childcare was highly beneficial as when I went to university, I had already built up the skills to write academically. Also, as part of my placement I had experience working with young people so I could apply the knowledge I already had, building on it throughout my degree."

THE LEVEL 3 IN CHILDCARE WAS HIGHLY BENEFICIAL AS WHEN I WENT TO UNIVERSITY, I HAD ALREADY BUILT UP THE SKILLS TO WRITE ACADEMICALLY.

ENGINEERING

WANT TO BE AN ENGINEER, BUT NOT SURE WHAT KIND OF ENGINEER YOU WOULD LIKE TO BE? OUR ENGINEERING DEPARTMENT IS A GREAT PLACE TO HELP YOU DECIDE ON THE DIRECTION YOU WOULD LIKE TO TAKE YOUR CAREER. WE WILL HELP YOU UNDERSTAND THE RANGE OF OPPORTUNITIES AVAILABLE, AND WHAT KIND OF ENGINEER YOU WOULD LIKE TO BE.

CAREER OPPORTUNITIES

Mechanical Engineer

£20,000 to £52,000

Wind Turbine Technician

£25,000 to £47,000

Welder

£22,000 to £45,000

Electrician

£18,000 to £42,000

LMI Data from the National Careers Service

Engineers continue to be in high demand, our programmes of study, along with the apprenticeships we offer can lead to a successful career within our region and much further afield.

Our multi-million-pound Engineering Technology Centre is home to industry-standard facilities including conventional lathes and milling machinery, CAD workshops, mechatronics, fabrication and welding bays, robotics, mechanical and electrical workshops, classrooms and social spaces. Making it the perfect place to study and develop your skills.

ENGINEERING

LEVEL 1

DIPLOMA IN ELECTRICAL INSTALLATION

Course Duration: **1 Year**

Entry Requirements: **GCSE grades 0-3 in English and maths**

Topics you will study include:

- Health and safety
- Electrical principles
- Circuit design building Electrical circuits
- Electrical principles

Progression routes include:

- Level 2
- Employment
- Apprenticeship

CAREER OPPORTUNITIES

- Aerospace Engineer/ Technician
- CAD Technician
- Machinist
- Craft Machinist/Lathe Technician
- Electrical Installer – EV Charging
- Electricity Distribution Engineer

LEVEL 2

DIPLOMA IN ELECTRICAL INSTALLATION

Course Duration: **1 Year**

Entry Requirements: **Grades 3-4 in English and maths**

Topics you will study include:

- Domesticated electrical Circuits
- Maths and English
- Practical based electrical projects
- Tray work and trunking

Progression routes include:

- Level 3 or T Level
- Employment
- Apprenticeship

LEVEL 2

TRANSITION TO T LEVEL IN ELECTRICAL ENGINEERING

Course Duration: **1 Year**

Entry Requirements: **Grades 4 in English and maths**

Topics you will study include:

- Electrical installation
- Panelling and wiring
- Basic intro into electrical systems
- Digital skills
- Instructional relevant Technical skills
- Employer led project
- Higher level maths
- Higher level English
- 180 hrs –200 hrs practical in electrical engineering

Progression routes include:

- T Level
- Employment
- Apprenticeship

- Engineering Maintenance Fitter
- Fabricator & Welder
- Plant Fitter
- Electrical Engineer
- Pipe Fitter/Welder
- Telecoms Engineer
- Wind Turbine Technician
- and much more...

LEVEL 3

DIPLOMA IN ENGINEERING TECHNOLOGIES – MECHANICAL OR ELECTRICAL

Course Duration: **1 Year**

Assessment: **Exam and Practical**

Entry Requirements: **Grades 4 or 5 in English and maths**

Mechanical Units:

- Understanding of engineering environmental health and safety
- Engineering Environment health and safety
- Mechanical maintenance
- CAD
- Pneumatics principles
- Hydraulic principles
- Analog electronics
- Digital systems
- 30 hours work experience

Electrical Units:

- Understanding of engineering environmental health and safety
- Electrical principles
- Mechanical maintenance
- Engineering environment health and safety
- Mechanical maintenance principles
- CAD
- Pneumatics principles
- Hydraulic principles
- 30 Hours work experience

Progression routes include:

- University
- Employment
- Apprenticeship
- Progression to University Campus North Lincolnshire (UCNL)

STUDENT PROFILE

JOE COXON

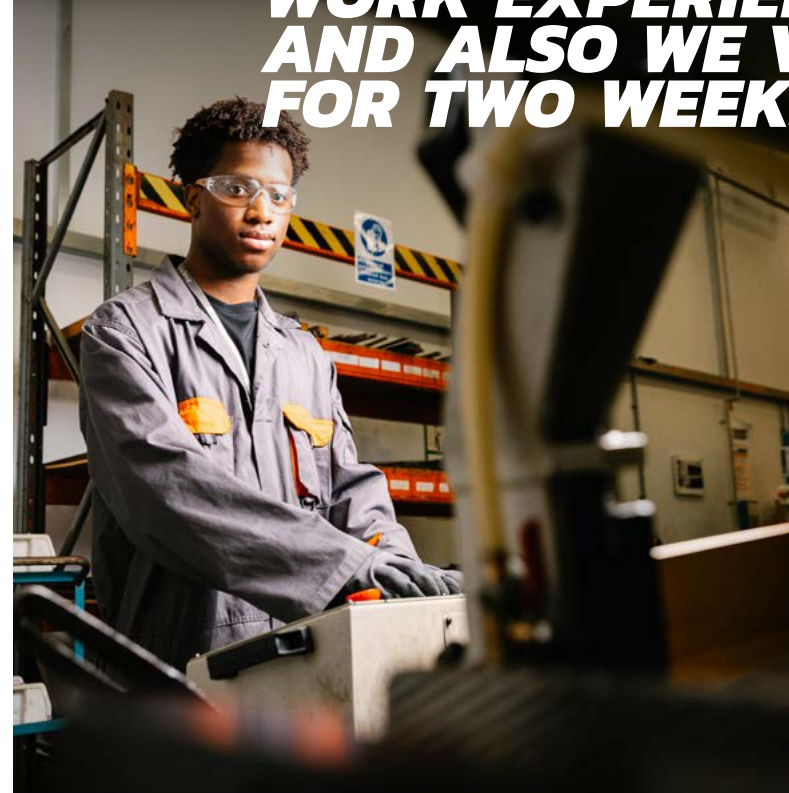

Joe, a previous Winterton Community Academy student, has now progressed on to become an apprentice aircraft maintenance engineer at BAE Systems, working at Humberside Airport.

Before joining BAE Systems Joe completed a Level 3 Subsidiary Diploma in Mechanical Engineering Technologies at North Lindsey College. He then

progressed on to complete a Level 3 Extended Diploma in Engineering.

"I really enjoyed the two years I spent at North Lindsey. I liked that it was completely different to school. I was given loads of opportunity to complete work experience locally and also we visited America for two weeks."

I WAS GIVEN LOADS OF OPPORTUNITY TO COMPLETE WORK EXPERIENCE LOCALLY AND ALSO WE VISITED AMERICA FOR TWO WEEKS.

ENGINEERING...

LEVEL 1

GATEWAY AWARD IN ELECTRICAL, MECHANICAL & FABRICATION AND WELDING

Course Duration: **8 Weeks**

Assessment: **100% Portfolio Based**

Course Introduction

- This is a basic introduction into Engineering which is delivered across all three Engineering disciplines.

Units you may study include:

- Health & safety unit focuses on workshop safety (mandatory)
- Practical-based in either mechanical, electrical or fabrication and welding

LEVEL 1

AWARD IN FABRICATION AND WELDING

Course Duration: **1 Year**

Entry Requirements: **GCSE grades 0-3 in English and maths**

Topics you will study include:

- MIG
- TIG
- MMA

Progression routes include:

- Level 2
- Employment
- Apprenticeship

LEVEL 2

CERTIFICATE IN FABRICATION AND WELDING

Course Duration: **1 Year**

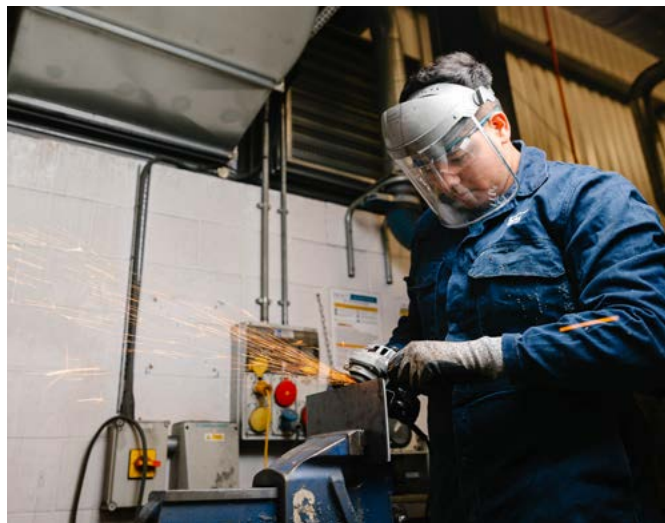

Entry Requirements: **Grades 3-4 in English and maths**

Topics you will study include:

- Welding skills – MMA, TIG and MIG
- Health and safety
- Fabrication and welding principles

Progression routes include:

- Level 3 or T Level
- Employment
- Apprenticeship

LEVEL 2

TRANSITION TO T LEVEL IN FABRICATION AND WELDING

Course Duration: **1 Year**

Entry Requirements: **Grades 4 in English and maths**

Topics you will study include:

- Welding techniques – MIG, TIG, MMA
- Digital skills
- Instructional relevant technical skills
- Employer led project
- Higher level maths
- Higher level English
- 180 hrs –200 hrs practical in fabrication and welding

Progression routes include:

- T Level
- Employment
- Apprenticeship

LEVEL 3

DIPLOMA IN ENGINEERING TECHNOLOGIES – FABRICATION AND WELDING

Course Duration: **1 Year**

Assessment: **Exam and Practical**

Entry Requirements: **Grades 4 or 5 in English and maths**

Units you may study include:

- Engineering environment health and safety
- Fabrication and welding principles
- MMA welding techniques
- MIG welding techniques
- CAD
- Plating and fabrication
- TIG Welding
- 30 hours work experience

Progression routes include:

- University
- Employment
- Apprenticeship
- Progression to University Campus North Lincolnshire (UCNL)

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL)

OUR ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL) PROGRAMME IS AIMED AT STUDENTS WHOSE PRIMARY LANGUAGE IS NOT ENGLISH.

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES

CAREER OPPORTUNITIES

Many students progress into vocational subject areas on completion of the ESOL programme, depending on your career plans. You can talk to our careers advisors about the individual opportunities available to you.

This course is aimed at those who need to improve their English before progressing onto their chosen vocational area within the College. You will develop your reading, writing, speaking and listening skills taught by experienced tutors, this will help you gain valuable skills to aid future training, employment and everyday life.

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL)

ENTRY LEVEL 1, 2, 3

ESOL STUDY PROGRAMME

Course Duration: 1 Year

Course Introduction

This course is aimed at 16–18 year olds who have English as a second language and who need to improve their English language skills before progressing onto their chosen vocational area within the College or the world of work. The course covers speaking and listening, reading and writing.

As part of the course you will also work towards a maths qualification if you haven't already got a grade 4 or higher for your GCSE. You will be taught by experienced English teachers and undertake 30 hours work placement as part of your qualification.

The qualification is assessed in three levels from Entry 1 to Entry 3.

There are no entry requirements for our ESOL Study Programmes. You will be interviewed and assessed once we have received your application and the specialist tutors will give you initial advice and guidance about the most appropriate course and level for you.

CAREER OPPORTUNITIES

- Many students progress into vocational subject areas on completion of the ESOL programme, depending on your career plans.
- You can talk to our careers advisors about the individual opportunities available to you.

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL): ADULTS PART TIME COURSES

There are no entry requirements for our ESOL Adult Programmes. You will be interviewed and assessed once we have received your application and the specialist tutors will give you initial advice and guidance about the most appropriate course and level for you.

ENTRY 1 TO LEVEL 2

ESOL SPEAKING AND LISTENING

Course Introduction

This course is only available for those aged 19+, for those students aged 16–18 you would be required to undertake the ESOL Study Programme.

This course is taught to a variety of levels from Entry 1 to Level 2 and is delivered part-time for 2 sessions a week with start dates in September. The course runs for 12–14 weeks and then you will undertake an exam and progression courses will be discussed.

Assessment method

This qualification is assessed using a variety of methods including examinations and formative assessment.

You will learn how to listen and respond to extended and detailed spoken language, how to speak and communicate detailed information, how to share ideas and opinions clearly and appropriately, how to engage in discussion in a variety of situations making clear and effective contributions.

STUDENT PROFILE

NIKOLA ZIMOWSKA

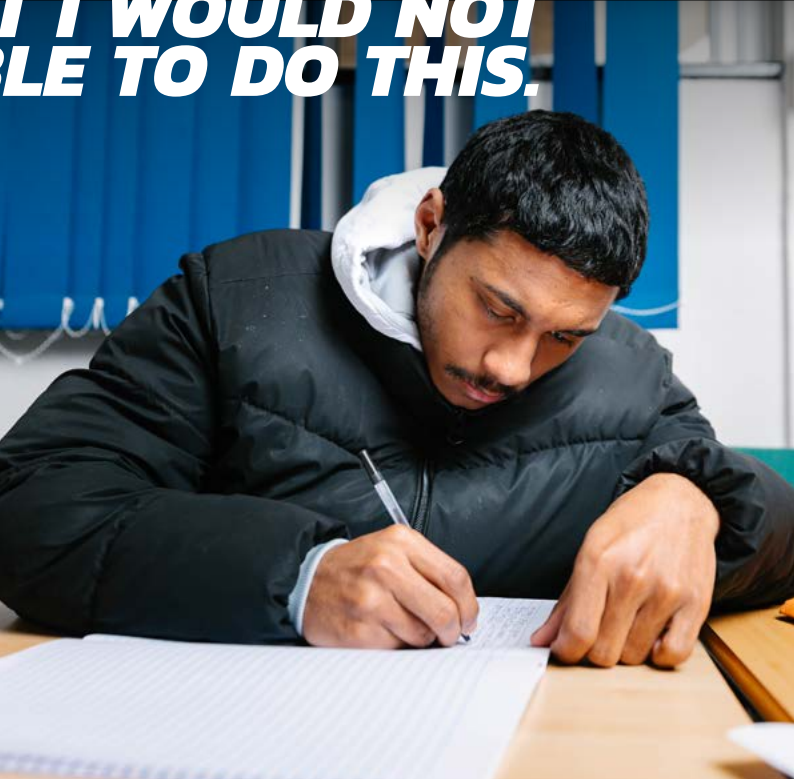

Nikola went to school in Poland. She moved to the UK in 2019 when she was 16 and to study ESOL.

During her time at College Nikola also studied for her GCSE maths and English which she also achieved through hard work and resilience. When Nikola finishes College she wants to go to university and

eventually become a police officer where her maths and English results will be crucial for her to achieve this.

"Finally I managed to pass English and maths GCSE. I've been dreaming about this for a very long time and I'm proud of myself. I am very grateful to my amazing teachers, without their support I would not have been able to do this."

I AM VERY GRATEFUL TO MY AMAZING TEACHERS, WITHOUT THEIR SUPPORT I WOULD NOT HAVE BEEN ABLE TO DO THIS.

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL)...

ENTRY 1 & ENTRY 2

ESOL READING

Course Introduction

This course is a standalone qualification and is only available to those aged 19+, for those students aged 16–18 you would be required to undertake the ESOL Study Programme. This course starts in January and runs for 7–8 weeks. At that point you will undertake an end point exam and progression courses will be discussed.

Assessment method

This qualification is assessed using a variety of methods including examinations and formative assessment.

You will learn how to read and understand meaning and purpose in a variety of texts and how to obtain different information from a variety of sources, along with reference materials and spelling strategies to support understanding.

There are no entry requirements for this course. You will be interviewed and assessed once we have received your application and the specialist tutors will give you initial advice and guidance about the most appropriate course and level for you.

ENTRY 1 & 2

ESOL WRITING

This course is a standalone qualification and is only available to those aged 19+, for those aged 16–18 you would be required to undertake the ESOL Study Programme. This course starts in March and runs for 12 weeks. At that point you will undertake an end point exam and progression courses will be discussed.

Assessment method

This qualification is assessed using a variety of methods including examinations and formative assessment.

You will learn how to write to communicate ideas for different audiences and purposes as well as use of accurate spelling, punctuation and grammar.

There are no entry requirements for this course. You will be interviewed and assessed once we have received your application and the specialist tutors will give you initial advice and guidance about the most appropriate course and level for you.

PRE-ENTRY

ESOL ILP (NON ACCREDITED)

Starts: September, January, March

This is a course designed for students who are truly at the start of their learning journey with English. This course would also be beneficial to those who may have limited literacy skills in their first language. Students work on their own individual targets with a view to progressing onto a qualification. Delivery is face-to-face, twice a week in 3 hour sessions.

ENTRY 3, LEVEL 1 & LEVEL 2

CITY AND GUILDS FUNCTIONAL SKILLS ENGLISH FOR ESOL LEARNERS

Starts: January

Students will develop their English skills in order to be able to take part in discussions and conduct presentations effectively. They will be able to complete complex forms, write reports, emails and letters in order to function in everyday life.

Assessment will be by 3 exams as well as an initial entry diagnostic and informal assessments throughout the course. There are three components to Functional Skills English (these are reading, writing and speaking, listening and communicating). All three components are internally assessed and internally quality assured by the centre and externally quality assured by City & Guilds.

Applicants must be able to demonstrate they are working towards the level of the course they are applying to during their initial assessment and interview to be offered a place. At interview careers guidance will also be given to ensure this is the most appropriate course.

ENTRY 1, 2 & 3

FUNCTIONAL SKILLS MATHS FOR ESOL LEARNERS

We also offer students enrolled on an ESOL course the opportunity to develop their mathematics by additionally enrolling onto a Functional Skills maths for ESOL learners fully funded course which will run for 2 hours a week throughout the year. Please ask your tutor for details once enrolled.

FOUNDATION STUDIES

OUR OFSTED OUTSTANDING FOUNDATION STUDIES DEPARTMENT SUPPORTS STUDENTS IN PREPARING FOR ADULTHOOD.

FOUNDATION STUDIES

CAREER OPPORTUNITIES

Many students progress to vocational courses in College which can broaden career prospects. Look at other courses in the prospectus for career possibilities.

We carefully design our courses to build your skills, whether your aim is to access a vocational programme of study or you are keen to develop your independent living skills, we can support you with this.

As a Foundation Studies student you will be part of an active College community, our flat on campus is a great learning aid for our students, supporting you to gain the independent living skills you will need for the future.

North Lindsey College's provision for students with high needs was graded Outstanding in March 2022.

"Tutors ensure that learners with high needs are provided with very effective support. Staff focus on ensuring that learners develop very relevant life skills and become increasingly resilient, independent and confident." - Ofsted

FOUNDATION STUDIES

SUPPORTED INTERNSHIPS

Course Duration: 1 Year

Course Introduction
Supported internships are structured work-based study programmes for young people with an Education Health and Care Plan (EHCP) who would not be able to take on a standard apprenticeship. It is a great opportunity for you to develop hands-on experience in a real-life working environment. This is the exit year from college for those on the employment pathway.

- Areas you may study include:**
- Personal preparation for work
 - Independent travelling
 - Job search skills
 - Effective behaviour at work
 - Employability skills

Entry Requirements
► This is a planned course via EHCP annual reviews.

ENTRY 2/3, LEVEL 1/2

CITY AND GUILDS EMPLOYABILITY SKILLS

Course Duration: 1 Year

Entry Requirements: No formal entry requirements

Course Introduction
The Employability Skills qualifications support individuals in developing the skills and attitudes valued by employers.

The aim to help individuals successfully prepare for and get a job, then to provide them with the tools to succeed and advance in their role.

The Employability Skills qualifications have been designed with maximum flexibility in mind so they can meet all student requirements.

This qualification allows the student to demonstrate an enhanced knowledge and ability, utilising wider skills built on the basic key skills gathered from the smaller qualification.

+ACTIV8

Course Duration: Bespoke to the student, 12 months of the year

Course Introduction
If you study at North Lindsey College and are on the Social Care Pathway/not accessing work after education +Activ8 would be an option. +Activ8 is a Social Care provision which enables students to continue to access the College, peers and the local community. This is only accessible to current/past North Lindsey College students.

Enrichment opportunities you may experience include:

- Cinema
- Bowling
- Arcade warehouse
- Yorkshire sculpture park
- Lincoln castle
- Art and crafts
- Gaming
- Cooking

STUDENT PROFILE

AMY CARTER

Amy attended St Hugh's School before joining the Foundation Department at North Lindsey College.

Throughout her time in the Foundation Department, she developed her employability and life skills.

In addition, she completed a work experience placement with the College's Marketing Department. Amy received 'Volunteer of the Year' at the FE Awards for her dedication to her work placement and skills she had developed during her time there.

After successfully auditioning, Amy has now progressed on to study a vocational course in dance.

AFTER SUCCESSFULLY AUDITIONING, AMY HAS NOW PROGRESSED ON TO STUDY A VOCATIONAL COURSE IN DANCE.

STUDENT PROFILE

JESS DIXON

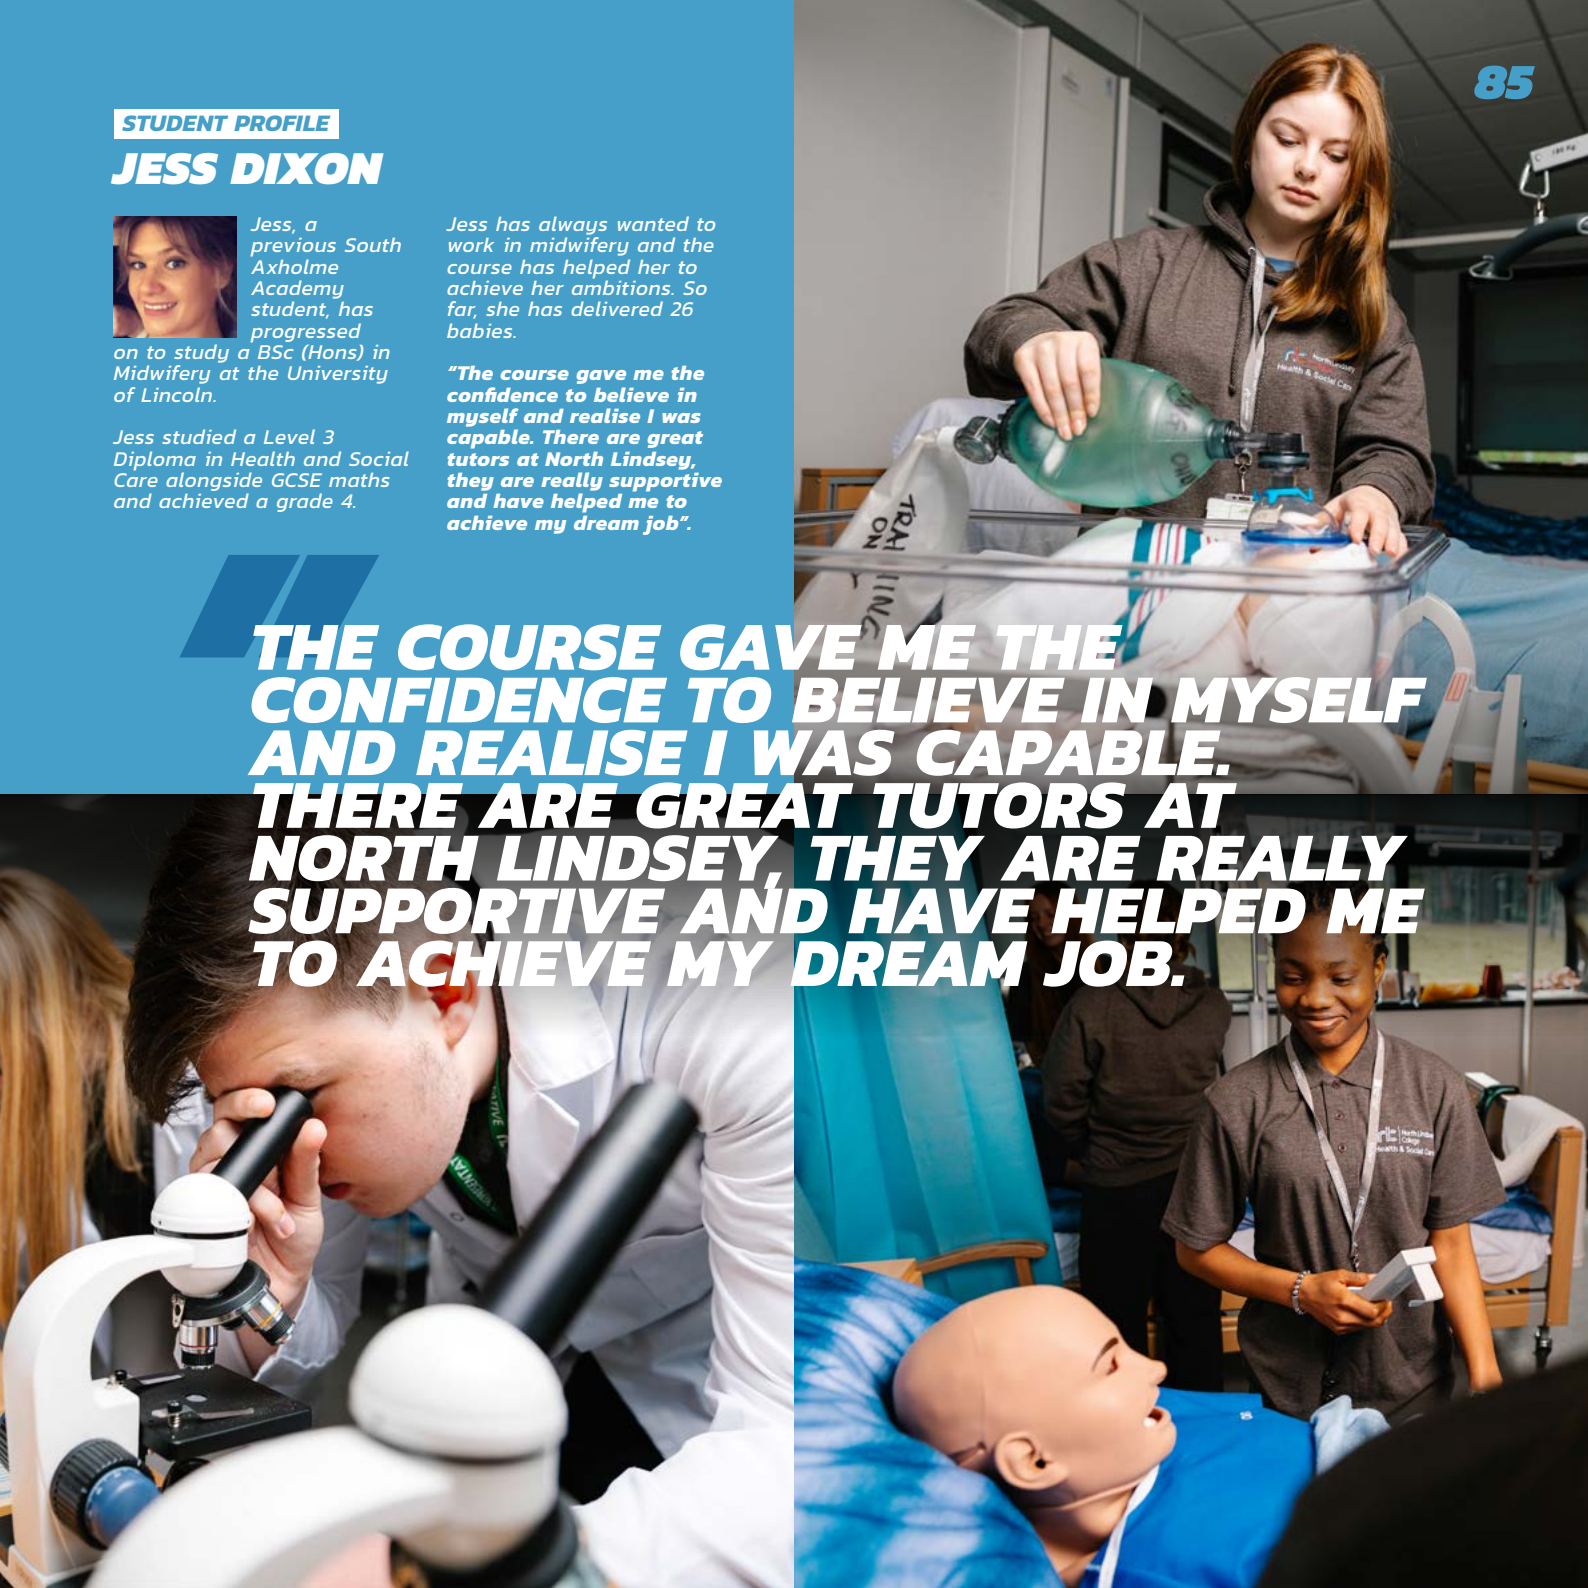

Jess, a previous South Axholme Academy student, has progressed on to study a BSc (Hons) in Midwifery at the University of Lincoln.

Jess studied a Level 3 Diploma in Health and Social Care alongside GCSE maths and achieved a grade 4.

Jess has always wanted to work in midwifery and the course has helped her to achieve her ambitions. So far, she has delivered 26 babies.

"The course gave me the confidence to believe in myself and realise I was capable. There are great tutors at North Lindsey, they are really supportive and have helped me to achieve my dream job".

THE COURSE GAVE ME THE CONFIDENCE TO BELIEVE IN MYSELF AND REALISE I WAS CAPABLE. THERE ARE GREAT TUTORS AT NORTH LINDSEY, THEY ARE REALLY SUPPORTIVE AND HAVE HELPED ME TO ACHIEVE MY DREAM JOB.

HUMBER ENERGY SKILLS TRAINING ACADEMY

LEADING REGIONAL SPECIALIST PROVIDER OF BESPOKE APPRENTICESHIPS AND TRAINING, BASED IN HULL BUT PART OF DN COLLEGES GROUP (DNCG).

HUMBER ENERGY SKILLS TRAINING ACADEMY

CAREER OPPORTUNITIES

Electrical Engineer

£20,000 to £60,000

Plumber

£15,000 to £40,000

Aircon Engineer

£20,000 to £35,000

LMI Data from the National Careers Service

The Humber Energy Skills Training Academy support the delivery of sustainable solutions to the energy industry, offering both FE courses and apprenticeships.

The only provider of Refrigeration, Air Conditioning and Heat Pump apprenticeships (RACHP) within a 90 mile radius of Hull, and the 5th largest provider of apprenticeships in England being part of DNCG.

Providing training and skills that address the government's priority to meet net zero targets and support LEP Energy Estuary priorities.

Humber Energy see themselves as more than just a College, building relationships with future talent, and having close links with employers who head hunt students for their apprenticeship vacancies.

Add in small class sizes, a friendly team and individualised learning this is a great place to train. If you're looking to progress into plumbing and domestic heating, electrical installation and maintenance or access to building services, the Humber Energy Skills Training Academy might be for you.

HUMBER ENERGY SKILLS TRAINING ACADEMY

LEVEL 2

DIPLOMA IN ACCESS TO BUILDING SERVICES ENGINEERING

Course Introduction
Want a career in Building Services Engineering but not sure about which area to go into? This ten month introductory qualification gives you a flavour of the skills involved in four different areas of building services engineering:

- ▶ Plumbing
- ▶ Heating and ventilating
- ▶ Electrical installation
- ▶ Refrigeration and air conditioning

You'll find out what you enjoy then you can move onto a specialist qualification or apprenticeship in either plumbing, electrical, heating and ventilating or refrigeration, air conditioning and heat pump systems. Also included within the course:

- ▶ Student support
- ▶ Work experience
- ▶ Employer interactions
- ▶ Access to fully equipped workshop
- ▶ Enrichment programme
- ▶ You are encouraged to have a part-time job to gain experience of the world of work.
- ▶ Possible bursary opportunity dependent on parent/carer's income.
- ▶ Opportunity to take part in the Duke of Edinburgh Award

Units you may study include:
Students must complete the following compulsory units to achieve the qualification. These units are assessed by online tests and practical application.

- Practical**
- ▶ Understand and demonstrate fundamental refrigeration and air conditioning operations
 - ▶ Understand and demonstrate fundamental electrical installation operations
 - ▶ Understand and demonstrate fundamental heating and ventilating operations
 - ▶ Understand and demonstrate fundamental plumbing operations

- Theory**
- ▶ Understand and carry out safe working practices in building services engineering
 - ▶ Understand how to apply environmental protection measures within building services engineering
 - ▶ Understand the roles and responsibilities and procedures in building services engineering
 - ▶ Understand how to apply scientific principles within mechanical engineering services

CAREER OPPORTUNITIES

- ▶ Refrigeration, Air Conditioning Technician
- ▶ Heat Source Pump Technician/Engineer
- ▶ Installation Electrician
- ▶ Maintenance Electrician
- ▶ Maintenance operations Engineering Technician
- ▶ Plumber/Domestic Heating Technician
- ▶ Renewables Technician/ Engineer
- ▶ and much more...

WE ALSO OFFER THE FOLLOWING APPRENTICESHIPS:

- Refrigeration, Air Conditioner and Heat Pump Engineering Technician apprenticeship
- Plumbing and Domestic Heating Apprenticeship (Environmental Pathway)
- Electrical Installation Apprenticeship

STUDENT PROFILE

HARVEY

Harvey, a previous Hessle High School student, came to us to study the Access to Building Services Engineering programme.

"I enjoyed the programme, and the tutors are spot on. We get lots of one-to-one support. I would recommend others to come here, it's a growing industry."

Harvey is studying for his end point assessment and is then looking to work with Airco as a full-time contracted employer.

I ENJOYED THE PROGRAMME, AND THE TUTORS ARE SPOT ON. WE GET LOTS OF ONE-TO-ONE SUPPORT. I WOULD RECOMMEND OTHERS TO COME HERE, IT'S A GROWING INDUSTRY.

MOTOR VEHICLE

MOTOR VEHICLE

WE WILL EQUIP YOU WITH THE SKILLS, KNOWLEDGE, BEHAVIOURS, TRAINING AND EXPERIENCE YOU NEED TO PROGRESS WITHIN THE MOTOR VEHICLE INDUSTRY.

CAREER OPPORTUNITIES

Automotive Engineer

£20,000 to £45,000

Motor Mechanic

£18,000 to £35,000

Vehicle Body Repairer

£15,000 to £30,000

£17,000 to £29,000

£17,000 to £29,000

Based in our multi-million-pound Engineering Technology Centre, you will be taught by tutors who know the industry well, kickstarting your career.

Home to North Lincolnshire's only college-based drive-in spray booth, a wide range of cars and HGVs, state of the art computerised diagnostic rigs, MOT bays, Fast Fit centre and hybrid and electric vehicles.

Students also benefit from a range of additional learning opportunities and access to our sector-leading workshops which make us the first choice for so many people.

MOTOR VEHICLE

LEVEL 1

DIPLOMA IN VEHICLE SYSTEMS MAINTENANCE

Course Duration: 1 Year

Assessment: 100% Coursework

Units you may study include:

- ▶ Engine lubrication systems
- ▶ Engine coding systems
- ▶ Fuel and exhaust systems
- ▶ Spark ignition systems
- ▶ Vehicle electrical systems
- ▶ Braking systems
- ▶ Vehicle transmission
- ▶ Steering and suspension
- ▶ Wheels and tyres
- ▶ Engine operation principals
- ▶ English
- ▶ Maths

Progression routes include:

- ▶ Employment
- ▶ Apprenticeship

LEVEL 2

DIPLOMA IN LIGHT VEHICLE MAINTENANCE

Course Duration: 1 Year

Assessment: 100% Coursework

Entry Requirements: Grade 3 or 4 in maths and English at GCSE

You will complete 18 units covering a wide range of light vehicle maintenance skills. In addition, you will also work on developing your maths skills alongside the course.

You will build skills in:

- ▶ A variety of vehicle systems
- ▶ Investigative skills
- ▶ Problem solving skills
- ▶ Practical skills

Progression routes include:

- ▶ Employment
- ▶ Apprenticeship

LEVEL 2

T LEVEL TRANSITION LEVEL 2 IN MOTOR VEHICLE

Course Duration: 1 Year

Assessment: 100% Coursework

Entry Requirements: Grade 4 maths and English at GCSE

This course is designed to help students transition onto the Level 3 T Level. Students will apply a range of theory skills taking part in practical tasks.

You will build:

- ▶ Practical skills in motor vehicle
- ▶ Engineering skills
- ▶ Problem solving skills
- ▶ Academic writing skills

Progression routes include:

- ▶ Employment
- ▶ Apprenticeship

T-LEVELS

THE NEXT LEVEL QUALIFICATION

T LEVEL

MOTOR VEHICLE

Course Duration: 2 Years

Assessment: 100% Coursework & Practical Skills

Entry Requirements: Grade 5 maths and English at GCSE, under 19 years old

This programme of study is equivalent to three A Levels

Units you may study include: Year 1

The first year of the course is coursework based developing your knowledge of engineering techniques and skills.

You will learn about:

- ▶ Electrical engineering
- ▶ Mechanical engineering
- ▶ Hydraulics
- ▶ Pneumatics
- ▶ Engineering theories

Year 2

In the second year you will apply the knowledge you have learnt specialising in motor vehicle. You will apply the theories you have learnt to a range of practical tasks.

Progression routes include:

- ▶ University
- ▶ Employment
- ▶ Apprenticeship

CAREER OPPORTUNITIES

- ▶ Electric Vehicle Technician
- ▶ MOT Tester
- ▶ Motorsport Engineer
- ▶ Workshop Supervisor
- ▶ HGV Technician
- ▶ Tyre Fitter

- ▶ Paint Technician
- ▶ Mechanic
- ▶ Breakdown Engineer
- ▶ Senior Technician
- ▶ Garage Manager
- ▶ Service Advisor

- ▶ Motor Vehicle Insurance Adviser
- ▶ Panel Beater Valet
- ▶ and much more...

STUDENT PROFILE

LOGAN SHANNON

Logan, a previous Sir John Nelthorpe School student, has secured a motor vehicle apprenticeship at Peter Collins Motor Repairs Ltd.

"I completed work experience at Peter Collins Motor Repairs and this helped me to get an apprenticeship at the end of my course. The tutors and course were great and helped me to get a job in the industry."

Logan studied a Level 2 Technical Certificate in Automotive at North Lindsey before progressing on to his apprenticeship.

THE TUTORS AND COURSE WERE GREAT AND HELPED ME TO GET A JOB IN THE INDUSTRY.

STUDENT PROFILE

OLIVER WHITAKER

Oliver chose music as it was simply something he enjoyed. He played a little bass guitar before coming to North Lindsey College after leaving the Vale Academy.

Having settled really well on his course, Oliver became part of the band In Denial and his skills progressed from working hard and learning from tutors and other students.

Oliver is going to study BA (Hons) Professional Music (Business) at Water Bear Music College in Sheffield.

“North Lindsey is a really good College and I am so pleased I chose to study there, it was the best option for me. My advice would be to take every opportunity that gets thrown at you as it will help you improve.”

MY ADVICE WOULD BE TO TAKE EVERY OPPORTUNITY THAT GETS THROWN AT YOU AS IT WILL HELP YOU IMPROVE.

SPORT, PHYSICAL ACTIVITY & EXERCISE SCIENCE

SPORT, PHYSICAL ACTIVITY & EXERCISE SCIENCE

SPORT AND PHYSICAL ACTIVITY CONTRIBUTES £39 BILLION TO THE UK'S ECONOMY, SO IT'S A GREAT TIME TO CONSIDER A CAREER IN THIS SECTOR.

CAREER OPPORTUNITIES

Sport and Exercise Psychologist

£20,000 to £48,000

PE Teacher

£25,714 to £41,604

Sports Coach

£18,000 to £28,000

Fitness Instructor

£14,000 to £25,000

Our programmes are the perfect training ground, whether you want to progress into sports science, sports therapy, PE teaching, coaching, exercise and fitness or instructing. Many of our students further develop their skills by progressing onto university, into a job, or onto an apprenticeship after they have finished their course.

Our facilities include our own on-site gym, confidence course, MUGA and football pitch.

We have been home of the industry standard TASS accreditation for over three years now. This means we are recognised as supporting talented athletes whilst they are still in education. Our students who have previously been part of our TASS offer include a Commonwealth and Team GB boxing champion, semi pro-footballers, tennis players, professional dancers, talented golfers and a Team GB cyclist.

SPORT, PHYSICAL ACTIVITY & EXERCISE SCIENCE

LEVEL 1

AWARD IN SPORT & UNIFORMED SERVICES

Course Duration: **1 Year**

Assessment: **100% Coursework & Practical Skills**

Entry Requirements: **This programme of study is designed for students who have not achieved a grade 4 at GCSE in maths and English**

Units you may study include:

- ▶ Taking part in exercise and fitness
- ▶ Planning own fitness programme
- ▶ Preparing for an interview
- ▶ Working in a team
- ▶ Participating in sport or active leisure activities
- ▶ Anatomy and physiology
- ▶ Planning a healthy diet
- ▶ Employability skills and technical skills

Progression routes include:

- ▶ Progress onto Level 2 Sport and Active Leisure or Level 2 Gym Instructing
- ▶ Employment
- ▶ Apprenticeship.

LEVEL 2

AWARD/ CERTIFICATE IN SPORT AND ACTIVE LEISURE

Course Duration: **1 Year**

Assessment: **100% Coursework & Practical Skills**

Entry Requirements: **Grade 4 in either maths or English at GCSE or Level 1 in Sport and Uniformed Services**

Units you may study include:

TRAVEL AND TOURISM

TRAVEL & TOURISM
BRITAIN WILL HAVE A
TOURISM INDUSTRY WORTH
£257 BILLION BY 2025 –
JUST UNDER 10% OF UK
GDP AND SUPPORTING
ALMOST 3.8 MILLION JOBS,
WHICH IS AROUND 11% OF
THE TOTAL UK NUMBER.

CAREER OPPORTUNITIES

Hotel Manager

£20,000 to £60,000

Cabin Crew

£15,000 to £30,000

Travel Agent

£18,000 to £27,000

Tourist Information Centre Assistant

£15,000 to £25,000

LMI Data from the National Careers Service

The sector is predicted to grow at an annual rate of 3.8% over the next 6 years. Locally Hull continues to boom with £110 million investment, Grimsby has investments worth £60 million as part of the Great Grimsby Town Deal and an additional £7.2 million is being spent on Cleethorpes.

Many students go on to work as cabin crew or work throughout the world. Others go on to work in airports as ground staff or work in events, UK tourism, restaurants and much more – the world is your oyster!

Having our on-campus air cabin at the College means that we are the only college in our region with these facilities where students will experience life on board an aircraft as a crew member.

Our travel and tourism students experience a wide variety of trips and visits. We retain close links with the industry, staying connected with our former students who are now experts in their field.

TRAVEL & TOURISM

LEVEL 2

UNIFORMED AND

UNIFORMED SERVICES AND POLICING

DID YOU KNOW THERE ARE OVER 190,000 PEOPLE EMPLOYED IN THE ARMED FORCES? HOWEVER IT IS NOT JUST ABOUT MILITARY CAREERS AFTER STUDYING UNIFORMED SERVICES, YOU CAN ALSO PROGRESS ON TO A WIDE VARIETY OF CAREERS INCLUDING WORKING AS BORDER FORCE, AS PART OF THE FIRE SERVICE, POLICE, IN SCHOOLS, FITNESS, PERSONAL TRAINING AND MUCH MORE!

SERVICES POLICING

CAREER OPPORTUNITIES

Royal Marines Commando

£15,600 to £51,000

Army Officer

£27,273 to £42,009

Police Officer

£19,164 to £41,130

Firefighter

£24,191 to £32,244

The Office for National Statistics (ONS) estimated in March 2022 5.74 million people were employed in the UK's public sector – and this number is increasing each year, so studying uniformed services will open many doors.

Throughout their time at College our students can train in our on-site gym, as well as benefit from access to industry-relevant trips. Our Duke of Edinburgh's Award offer is also a popular choice for our uniformed services students.

We encourage our students to develop their industry, employability and digital skills to help their CV and UCAS applications stand out.

STUDENT PROFILE

GEORGIA EXELBY

Georgia, a former pupil of The Axholme Academy, has now progressed on to study a BA (Hons) in Graphic Design at York St John University.

Georgia enrolled on a Level 3 Diploma in Art and Design at North Lindsey College to develop her creativity.

Recently, Georgia had one of her pieces of artwork displayed in the Feren's Art Gallery in Hull.

"Even though I was nervous starting the course the tutors were supportive in my creative journey. The facilities for Art and Design, in particular the printing studios and Adobe Suites were excellent."

EVEN THOUGH I WAS NERVOUS STARTING THE COURSE THE TUTORS WERE SUPPORTIVE IN MY CREATIVE JOURNEY. THE FACILITIES FOR ART AND DESIGN IN PARTICULAR THE PRINTING STUDIOS AND ADOBE SUITES WERE EXCELLENT.

LMI Data from the National Careers Service

Our students' votes in the WhatUni? Student Choice Awards 2020, saw us achieve first place nationally in the College-based Higher Education category for the second year running. We pride ourselves on being passionate about our students' progression and maximising their successes. The student experience within our learning community is enriched by over 50 subject specialist members of academic staff along with experienced administrative and support staff.

Significant capital investment in UCNL has resulted in an excellent learning environment in a spacious building. This includes a library, high quality teaching rooms, informal social learning spaces and state of the art Industry 4.0 simulation facilities. Our campus is situated on the edge of the scenic Central Park in Scunthorpe.

(HTQ)	Higher Technical Qualification

STUDENT PROFILE

SAM DALE ARRAND

Sam Arrand chose the UCNL and has never looked back. Sam was a mature student and had a young child at the time which enabled her to travel to and from lectures and still managed to fit in the school run.

Sam said, "I went into the degree wanting to change my life, and it did. I graduated with an upper 2:1, after not studying for

15 years. UCNL is the only place that enabled me to combine successful studying with a young family.

Sam is now teaching A Level English Literature at a local college.

"I enjoyed the experience so much, that I went on to get a Masters in Nineteenth Century studies, a PGCE (Lifelong learning sector), I am now in the process of finalising a PhD proposal."

I ENJOYED THE EXPERIENCE SO MUCH, THAT I WENT ON TO GET A MASTERS IN NINETEENTH CENTURY STUDIES...
